## Meowy Christmas Newsletter 2025

Dear Angel Cat Family,

Can you believe it? Angel Cat Pet Adoptions is 17 years old! Most of you have been receiving this little newsletter twice a year for all of those 17 years, and we couldn't be more grateful for the support and love given by each and every one of you! We are truly blessed by our wonderful community of cat lovers here and greatly appreciate you all!

2025 has been a very slow year for adoptions, I'm sorry to say! I attribute it to our slowish economy and the sheer number of cats and kittens looking for furrever homes. Vet care and food prices continue to climb and I'm sure that has an effect on adoption numbers. We hope folks will start adopting soon. But until they do, our Angel Cats are safe here. BUT, we did have one very special adoption! My goofy Walter and his sister from another mister, Risa, were adopted by a wonderful family and went off to live the good life in Yorba Linda. Walter is one I almost foster failed on myself!

That sure hasn't stopped us from helping as many as we can, though! That need never ends.... This season, we've taken in several mama cats and their kittens, One such family is Goldilocks and her 3 little bears (kittens)... they are Yogi, Pooh and Baloo. Goldie and her boys are ready for homes, the kittens are now 15 weeks old. Also available for adoption are 4 darling boys, Heathcliff, Holden, Harry and Hercules, just now turning 6 months old. See all pictured on the back!

Then, we rescued sweet Dexter, who was left behind in a local neighborhood when his family moved out of state. He was following morning walkers around his neighborhood asking for food and pets. A kind lady contacted me to help and now Dexter is vetted, super friendly and an all around wonderful boy, just 1.5 years old. He follows me around like a little puppy and just wants to be near a person. He would be a wonderful addition to any family, but I think he would prefer to be the only pet so he can have all the attention. He tolerates his roommates, but prefers human company!

Also recently rescued from behind a Huntington Beach restaurant, is Tyler. Living off of scraps left by the staff, not vetted, and super friendly. The restaurant staff took up a collection for his neuter and vaccines, we put him with one of our amazing foster moms and Tyler is thriving. He is also about 1.5 years old. Please check him out on our Petfinder.com page. Tyler is a handsome orange tabby boy with a loving personality to match.

One more, a little girl we named SusiQ who was rescued from behind Whole Foods at Bella Terra. She is about 5 months old, and was little spicy at first! But with dedicated hands on loving, SusiQ has turned into a darling girl who loves to be pet and purrs when you just look at her. All of these kits have been vetted and spayed/neutered by the grace of your generous tax deductible donations and we can't thank you enough! Thank you for helping us help cats!

We still have a few of last year's kittens in foster care, now all about a year old. Picasso was adopted and returned through no fault of his own, his brothers Parker and Pedro have not had a single application. All three of them are extremely friendly, great with other cats and Picasso even had a Golden Retriever friend in his short lived home.

We currently hold adoption events at Petco in Mission Viejo, second and fourth Saturdays of each month. This store has a cat room where cats can live full time and free roam, no kennels or cages. My boys Stewy and Sebastian reside there and love it. Please consider, if you can, adopting a furry friend and tell your friends too! Adopt NEVER shop!

We wish you all a wonderful Thanksgiving and a joyous Christmas holiday. Blessings to each and every one of you!

With sincere gratitude,

ANGEL CAT PET ADOPTIONS
